CORRECTED DECLARATION OF MICHAEL HANSON

I, Michael Hanson, declare as follows:

1. I am a pilot for Delta Airlines, Inc. ("Delta") and am a member of the Air Line Pilots Association, International ("ALPA"). The Delta Master Executive Council ("MEC") is ALPA's highest local coordinating body at Delta. I am Vice Chairman of the MEC's Strategic Planning Committee at Delta.

2. I have personal knowledge of the facts set forth in this Declaration unless otherwise indicated. I offer this Declaration in support of the Opposition of Non-Party Air Line Pilots Association, International (Including Non-Party Delta Master Executive Council) to Plaintiff's Motion to Compel Compliance with Subpoenas Duces Tecum and to correct a typographical error (changing "November 10, 2014" to "November 10, 2013") in paragraph 6 of my previously-filed Declaration.

3. Attached hereto as Exhibit 1 is a true and correct copy of the DPA UPDATE of June 23, 2014, that I received via e-mail from a Delta pilot who routinely forwards such emails to me. Information identifying the Delta pilot has been redacted from Exhibit 1 to protect the pilot's privacy, as has internal forwarding information. I maintain such emails in the ordinary course of business as Vice Chairman of the Delta MEC's Strategic Planning Committee.

4. Attached hereto as Exhibit 2 is a true and correct copy of a portion of the Facebook Page of the Delta Pilots Association ("DPA") as it existed as of July 8, 2014.

5. Attached hereto as Exhibit 3 is a true and correct copy of DPA's Twitter Page, as it existed as of July 8, 2014.

6. Attached hereto as Exhibit 4 is a true and correct copy of a DPA ALERT of November 10, 2013, that I received via e-mail from the same pilot discussed with respect to Exhibit No. 1. Information identifying the Delta pilot who forwarded the DPA ALERT to me has been redacted from Exhibit 4 to protect the pilot's privacy, as has internal forwarding information. I maintain such emails in the ordinary course of business in my position on the MEC Strategic Planning Committee.

7. Attached hereto as Exhibit 5 is a true and correct copy of a news item from the DPA website (news section) dated July 3, 2014.

Pursuant to 29 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.

Independent... Transparent... Efficient... Accountable...YOURS

REDACTED

It may seem to be quiet right now on the DPA front, but the opposite is true. We are working furiously behind the scenes defending your right to pursue independent representation. Our legal pursuit of the person(s)/organization involved in the hacking of our website is producing new details every day. Be patient with us as we move towards a satisfactory conclusion. We continue to cooperate with the FBI in the ongoing criminal investigation as well. We will reveal details as they become public information.

You can help us by challenging those you fly with to consider the quality of representation they are receiving. It is up to all of us to make that change possible. We are currently in an apparent holding pattern with expiring cards being replaced by renewals and a few new members joining us every day. It's going to take a significant boost by acting in unison if we are going to exit this holding pattern.

If we all pitch in together to try to reach ONE pilot each, we can crush this obstacle in short order. Or you can sit back and watch. Time is wasting. You decide.

CARD STATUS

Your Card is EXPIRED. It's time for you to mail in a new Card so we can finally have our vote.

GET ACTIVE FOR DPA

Start by renewing your Card. We can't leave the gate without your support.

RENEW

SUPPORT DPA

We need your financial support right now. Every dollar goes towards waging this campaign and providing you with information and tools you can use to reach your fellow Delta Pilots. DPA does not pay our volunteers for their service during our campaign so your donation goes completely to campaign needs. Thank you for your support!

Subject: DPA ALERT! Attack Defeated!
Reply-To: dpa@delta-pilots.org

REDACTED

ALERT! The DPA Site is now back up and running.

We have defeated the initially successful attempt to redirect our site to a clone site "deltapilot.org". That site has been disabled, but still could resurface and be dangerous so we recommend you clear your browser from all history and cookies before heading back to our site.

When you search Delta Pilots Association in Google, our site is once again

properly reached through the results.

The site is secure and functioning properly. Again, our site was not compromised internally. No data was lost or accessed. We do not store member data on the DPA website as a side note. The hijacking was simply a redirecting of our URL to a hostile site that asked the reader to support ALPA and may have contained other malicious content. Thank you to all who demonstrated patience and restraint during this event.

Evidently, attacks are stepping up right along with our resolve to defeat them. In any battle, there will be moments where the enemy advances. While we experienced a temporary disruption to our website access, our resolve was not weakened, it was strengthened.

Several of you asked about whether or not revoking ALPA dues check-off would require you to stop paying dues. Dues Check-off is simply automatic withdrawal. ALPA must bill you manually if you revoke your dues check-off. We are not suggesting that you not pay your dues nor are we suggesting that you become an objecting non-member. Those steps are not warranted or prudent at this time.

REPRINT: In contrast to ALPA's pressure tactics in layover hotels and dirty maneuvers like hacking our website, the DPA **GO TEAM** just had a fantastic first event in MSP! Watch the one minute video recap hosted on our DPA **GO TEAM** dedicated page to see how effective the **GO TEAM** is! DAL Flight Operations vetted our actions throughout the day and we have their full approval.

Click image above to watch.

With ALPA stepping up the attack at all levels, word-of-mouth, and therefore the *GO TEAM*, just got more important. Let ALPA's actions motivate you to join the *GO TEAM* and let's swamp the bases with Delta Pilots who will no longer tolerate ALPA.

Carry AUTHORIZATION CARDS with you right now and have a fellow Delta Pilot join us or renew their Card right now.

DPA Files Motion to Compel ALPA in Website Hacking Case

On November 8th and 9th, 2013, the DPA website was maliciously

redirected to the phony pro-ALPA webpage image linked below:

PHONY WEBSITE USED IN ATTACK ON DPA

This attack prompted the commencement of a criminal and civil investigation. DPA filed a civil lawsuit in Federal Court and was granted subpoena authority to collect information on the individual(s)/organization potentially involved. Because of specific statements made by ALPA in their "True Headings" series of communications, ALPA National and the Delta MEC were served with subpoenas. ALPA National responded by providing DPA with a letter they allegedly received shortly after the attack last November from a Delta Pilot claiming to being involved in some way. Incredibly, ALPA National removed the name from the letter and has refused to provide the complete documentation including the names of the persons mentioned in the letter (author and "witness"). DPA filed a Motion to Compel along with the evidence linked below to cause ALPA to reveal the names of the people they know have been involved since around the time the attack occurred.

Several comments in the "True Headings" series (written after the letter was received) are noteworthy:

"We are highly skeptical that anyone hacked DPA's website and strongly believe that whatever temporary problems the DPA experienced were the result of inadvertent actions by a third party, or even the DPA itself."

"The simple fact is that any such inquiry will inevitably establish that the DPA's charges against the Association are wholly without merit."

ALPA told the members that DPA experienced a "temporary problem" or "errors in managing DNS records".

Now pressed by DPA's steady progress in the case, ALPA chooses to conceal the identities of those involved claiming "client-attorney privilege". Delta Pilot dues dollars are being spent inappropriately in covering potential knowledge about a possible felony committed. Delta Pilots and even ALPA volunteers who are beginning to see the truth behind this story are encouraged to consider which side of the fence they are standing on and will they be proud to be there once this investigation is complete.

DONATE

We need your support and a great deal of resources to carry this to trial where justice will be served. While DPA has operated in a manner we can all be proud of, our opposition chooses to break the law. We will defend your rights with your help. DPA requests that you consider making a substantial contribution now.
